

## Spoilage Coverage

\$10,000 included for B&B's only, available with specific class codes.

Cover loss to perishable goods due to breakdown of covered equipment. Organizations that store or process items that must be stored at a constant temperature to avoid spoilage (i.e. perishable food, medicines or flowers) have an obvious need for spoilage coverage.

### Step 2 – Building Page

- Spoilage Coverage is automatically checked. You must uncheck if your client does not want spoilage coverage.
- Answer Refrigerator Maintenance Agreement Question
- Select Class
- Select Coverage and Limits

**Spoilage**

Refrigeration Maintenance Agreement:  Yes  No
